For a Synodal Church

Pope Francis wants to hear from the whole Church about what is happening in local parishes. He and the bishops would like to know what individuals think we should all be doing to help make our parishes better. Synod means “journeying together” and it involves listening to the Holy Spirit and to each other in order to discern the path we are called to walk together. The synod “is intended to inspire people to dream about the Church we are called to be, to make people’s hopes flourish, to stimulate trust, to bind up wounds, to weave new and deeper relationships, to learn from one another, to build bridges, to enlighten minds, warm hearts, and restore strength to our hands for our common mission. <https://www.dioceseofleeds.org.uk/parish-to-mission/>

Please come to the meetings and support this process. There are 10 questions to work through.

If you are unable to attend a meeting there will be a chance to share your views on line or you can write them down and send them directly to the Diocese or pass them along to any local facilitator, the volunteers leading the meetings. One of our parish Synod leaders is Sarah Riley.

Please share this link with any young people you know or those who aren’t attending Mass as its important to capture the views of all Catholic’s

1. **Our journeying companions:** - As we journey together let us look around. Who are our companions in the Church and what persons or groups are marginalised?
2. **Listening:** - How might our local Church better listen to lay people (especially young people and women, minorities and those who are not respected?
3. **Speaking out:** - How can everybody be encouraged to communicate properly what is important to them?
4. **Celebrating:** - How do the Mass, other liturgies and music help us in our Christian lives and how might we participate in them at a deeper level?
5. **Taking responsibility together:** - How can each Baptised person become a “missionary disciple” and reveal Christ to others through their words and deeds?
6. **Dialogue in Church and society:** - How might we improve our conversations within our diocesan family and also outside of it, (for example with people of different faiths, those who have no faith and those who have particular roles and duties.
7. **With the other Christian denominations:** - Are our relations with our brothers and sisters in other Christian denominations good and how might they be improved?
8. **Authority and participation:** - How might we develop teamwork and a sense of co-responsibility in our local Church?
9. **Discerning and deciding:** - How might we improve the process of decision-making in our local Church, so that we truly listen and recognise that the Holy Spirit can speak through each one of us?
10. **Staying together on the same path:** - What training, habits and awareness are necessary within the local Church if we are to become better at listening to one another and sharing our insights with one another?
